

MDARC & SA Now Forming!

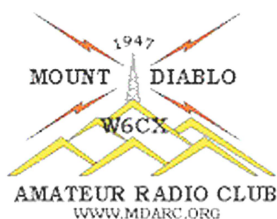

Mt. Diablo Amateur Radio Club and SATERN

will be holding 3 evening June classes:

June 8, 1900 hours (7:00 pm)

HT & Repeater Operation

Learn how to connect to the MDARC W6CX
repeater and recommendations on using
IRLP & EchoLink

June 15, 1900 hours

NWS SkyWarn Certification

Many think SkyWarn is for the southeastern part of the US and hurricanes with some activities in the tornado areas of the midwest - but that is only part of the story of SkyWarn. Ham license not required. The NWS provides an **800** number for reporting weather related events.

Please be prompt all Classes start at 7:00

June 22, 1900 hours

Incident Command System Review

Participation in a city, county or state emergency activities will at
some point require ICS certification.

A FEMA FID & BAUASITEP classes are the keys to certification.

The Salvation Army

3950 Clayton Road, (Cross is West St.)

Concord 94521
